

June 2021

GENESEE VALLEY WOODCARVERS

Web site: <http://qvwoodcarvers.com/>

Interim President's Corner

As we get nearer to September, we should have a better idea of any continuing COVID restrictions or concerns. We hope to resume in person monthly meetings at the 40 & 8 Club. In the meantime, mark your calendar:

Club meeting – Monday, September 13, 2021
In person at the 40 & 8 Club

Annual Show – Registration: Friday, April 7, 2022
Show: Saturday April 8, 2022
Rochester Museum and Science Center, Eisenhart Auditorium

Progress report: Many of you have been quite busy. Thanks to everyone who shared photos of their carvings. The progress report is chalk full of excellent pieces. Keep emailing photos to Alison Currie at alison.c.currie@gmail.com. We'll be sure to include them in the next newsletter. It's inspiring to see what other folks are creating.

Greece Senior Center Carvers:

Just a reminder that the Greece Senior Center carvers get together on Monday mornings from 9:00 to 11:30 am at the outdoor Sawyer Park Pavilion throughout the summer. This is a fun group and all are welcome. Feel free to drop by to socialize, carve, or both.

Next Newsletter:

We're taking July off so expect the next newsletter around the first week in September.

Roll up your sleeves, stay safe, and keep on carving.

Regards,

Alison Currie

Tips to share

Do you have a tip to share? Send the info to Susie for inclusion in the next newsletter.

Shared by Floyd: Attached to this email is an article on painting tips.

At Home In Your Shop

Attached to the newsletter as a separate file.

Remember to submit photos to Alison by the 20th of the month
alison.c.currie@gmail.com

Club Wide Carving Project

The June carving project is a name tag. Attached is an article from Tony on how do get started. It would be fun if everyone had a carved name tag for the September meeting. You can make a simple one (wood burn your name onto a piece of wood) or a complex one.

Chips from the Editor

“CA” and “Titebond” are finished! Check out their photo in the progress report. I did learn a lot. I should start on carving a couple more reindeer so I don't forget what I learned. Maybe sometime this summer, I'll start carving “Elmer” or “Gorilla” or “Hide” or “Hot Melt”.

The newsletter is taking July off. You can continue to send you project photos to Alison. It is great to see what everyone has been working on. Thanks to Alison for compiling all the photos.

Hope you have a wonderful summer.

The newsletter deadline is: **August 20, 2021**

Happy carving,

Susie Nettleton, editor
