

## November Extra Addition

Confession from the Editor: After I hit send, I realized there were several items I intended to include in the newsletter but forgot. Hence this extra addition along with a few things that came in afterward.

Floyd sent the stylized cardinal ornament. It is attached to the email. Looks like a quick project could be an ornament, gift tag, project to do with grandkids.....

The December project is carving a Santa ornament. Bring your carving stuff to the meeting. Jack is cutting out the blanks. **If you are planning to attend the December meeting and want to carve a Santa, email [susie.nettleton@rochester.rr.com](mailto:susie.nettleton@rochester.rr.com) so we can have enough blanks.**
